A blanket permit to move mobile homes (14' or less wide) will be issued to the company and may be used an unlimited number of times with any truck owned or leased to that company within the limitations specified in this application. The permit grants permission to the company to move mobile homes on all interstate, US, WV, and county routes. **However, the permit does not guarantee the usability of any route. The company is strongly advised to travel the route before moving a mobile home to ensure that all clearances are adequate and that there are no bridges posted for weights lower than that of the mobile home. It is the company's responsibility to verify that the route being used is adequate for the size of the load being transported.** The only vehicle allowed to use this permit to move mobile homes will be a truck tractor. This permit is not valid for moving mobile homes over 14' wide, mobile home undercarriages (without superstructure), or modular homes.

**\*Notes:**

- Four lane highways require one rear escort for widths of 12' 1" through 14' 0".
- Two lane highways require one front escort for widths of 10' 6" through 12' 0".
- Two lane highways require one front and one rear escort for widths over 12' 0".

Mobile homes up to 14' wide may be moved from sunrise to sunset, Monday through Friday and until noon on Saturday, excluding high travel days.

Event and other restrictions (as well as the Construction Restriction List) will be included with the permit when it is issued. Additional restrictions may be imposed at anytime during the year.
